

CMP GOLD TRUST

INDUSTRY-LEADING MANAGEMENT

Ned Goodman, BSc., MBA, CFA

Ned Goodman is the Executive Chairman of Dundee Resources and Chairman of DundeeWealth Inc. and certain limited partnerships in the CMP Group and Canada Dominion Resources Group. He is a portfolio manager of a number of funds within the Dynamic Focus+ group of funds, including the Dynamic Focus+ Resource Fund. Mr. Goodman is the President and Chief Executive Officer of Dundee Corporation and Chairman of the board of trustees of Dundee Real Estate Investment Trust. He is a director of several publicly traded companies, including Dundee Precious Metals Inc., Breakwater Resources Ltd., Cogitore Resources Inc. and Eurogas Corporation. Mr. Goodman obtained a Master of Business Administration from the University of Toronto in 1962, was awarded the designation Chartered Financial Analyst in 1967 and is a member of the Toronto CFA Society and the CFA Institute. Mr. Goodman is also a member of the Institute of Mining, Metallurgy and Petroleum. From 1962 to 1967, Mr. Goodman was employed as a security analyst and portfolio manager. In 1967, he co-founded Beutel, Goodman & Company Ltd., investment counsel. He sold his interest in Beutel, Goodman & Company Ltd. in 1989 and formed what is now Dundee Corporation, DundeeWealth Inc. and the Manager. In November 1997, he was awarded a Doctorate of Laws, honoris causa, by Concordia University and in 2007 he became the Chancellor of Brock University. Mr. Goodman is the founder, benefactor and an adjunct professor of the Goodman Institute of Investment Management. He is a former director of the World Gold Council.

Murray John, BSc., A.C.S.M., MBA

Murray John is the President and Chief Executive Officer of Dundee Resources and the President of certain limited partnerships within the CMP Group and the Canada Dominion Resources Group. Mr. John is the President and Chief Executive Officer and a director of Corona Gold Corporation. He is a director of several other publicly traded companies, including Dundee Precious Metals Inc., Breakwater Resources Ltd. and Iberian Minerals Corp. Prior to joining the Dundee group of companies, Mr. John graduated from the Camborne School of Mines in 1980, received a Master of Business Administration degree from the University of Toronto in 1992 and had extensive experience working as a mining engineer. Mr. John began his investment career with the Manager as a mining analyst in 1993 and subsequently worked as a portfolio manager specializing in precious metals equities from 1995 to 1998. He joined Dundee Securities Corporation as a research analyst in 1998 and moved to the mining investment banking team in early 2001. From 2001 to 2004, Dundee Securities Corporation was successful in building a major presence in mining corporate finance, providing both finance and merger and acquisition advice to a wide range of junior to mid-cap mining and exploration companies.

Dr. Martin Murenbeeld, PhD

Dr. Murenbeeld graduated from the University of California, Berkeley in 1972 with a Ph.D. in international finance. He joined the Faculty of Management Studies at the University of Toronto but left the Faculty in 1978 to start M. Murenbeeld & Associates Inc., a consultancy specializing in gold and foreign exchange markets, as well as domestic and international financial and economic trends. The group's reports include the weekly Gold Monitor, which forecasts gold market trends, and the weekly Financial Monitor, which forecasts economic, interest rate and foreign exchange market trends. M. Murenbeeld & Associates Inc. was purchased by DundeeWealth Inc. in July 2004 and Dr. Murenbeeld was appointed Chief Economist of the Dundee Group of Companies. Dr. Murenbeeld is frequently quoted in the financial press and often invited to speak at international mining and economic conferences. He is also an adjunct professor of international finance with the Faculty of Business at the University of Victoria.
